

GOOD HANDS

Property Care You Can Count On

Watrous & Manitou Beach

goodhands.ghost.io

What is Good Hands?

We're a local, membership-based property care system, built for people who need real support, real service, and real follow-through.

Who is it for?

- Seniors who want peace of mind
- Property owners who live away
- Businesses that need reliable facility care
- Landlords with units to manage

What do we do?

- Regular walkthroughs and maintenance
- Emergency response and repairs
- Lawn care, snow removal, seasonal prep
- Visual documentation and detailed service logs
- Local operators who already know your property

How does it work?

You choose a membership that fits your needs.

We schedule and deliver your care plan automatically.

You get one number to call, one team you trust, and no surprises.

We don't do one-off jobs.

We don't advertise.

We only serve members — deeply, consistently, professionally.

Why does it work?

We built Good Hands to outlast every contractor, every app, and every excuse.

This is property care you can count on.

Local. Documented. Guaranteed.

Want to know more?

We'll walk the property, talk through what you need, and see if we're a fit.

You're in Good Hands.
